

Program

<p>8:00 - 8:30</p>	<p>Registration and Remo conference platform demo followed by time for networking and interacting with sponsors</p>
<p>8:30 - 8:40</p>	<p>Opening remarks and introductions</p>
<p>8:40 - 9:40</p> <p>Keynote Address</p> <p><i>Duration: 45 min presentation 15 min Q&A</i></p>	<p>Rehabilitating Ontario's healthcare system: The opportunities for rehabilitation services to shape care integration</p> <p style="text-align: right;">Chris Sulway, PT, CHE <i>Special Advisor, Transformation, to the Minister of Health</i></p> <p>The opening keynote address will outline opportunities for rehabilitation services to shape care integration in the context of current system transformation.</p>
<p>9:40 - 9:50</p>	<p>Transitioning break</p>
<p>9:50 - 10:20</p> <p>Rapid Podium Presentations</p> <p><i>Duration: 5 min for each presentation 10 min for Q&A</i></p>	<p>1. Experiences with transitions in care for older adults with hip fracture: A qualitative multiple-case study</p> <p style="text-align: right;">Lauren Cadel, MSc <i>Leslie Dan Faculty of Pharmacy, University of Toronto Institute for Better Health, Trillium Health Partners</i></p> <p>The presentation will compare experiences of key stakeholders and contextual factors that impact care transitions for persons with hip fracture in an urban and a rural health region in Ontario.</p> <hr/> <p>2. Bringing research to the bedside: The integration of research and clinical practice in geriatric rehabilitation through a collaborative culture of innovation and care: Development of a model for future implementation.</p> <p style="text-align: right;">Jahnel Brookes, HBSc <i>Kunin-Lunenfeld Centre for Applied Research and Evaluation (KL-CARE), Baycrest Health Sciences</i></p> <p style="text-align: right;">Whitney Sherman, OT Reg. (Ont.) <i>Baycrest Health Sciences</i></p>

	<p>The presentation will outline how an interprofessional team tested a novel intervention, a real-time engagement monitoring solution, in geriatric rehabilitation. Challenges and factors contributing to implementation success will be examined.</p> <hr/> <p>3. Considering the vestibular system when assessing and treating falls</p> <p style="text-align: right;">Shaleen Sulway, PT</p> <p style="text-align: right;"><i>Vestibular Health and Hertz Clinic for Meniere's Disease and Vestibular Dysfunction, University Health Network</i></p> <p>The presentation will assess the prevalence of vestibular impairment in seniors who have experienced a recent fall and provide practice recommendations.</p>								
<p>10:20-10:40</p>	<p>First break for networking and interacting with sponsors</p>								
<p>10:40-11:25</p> <p>Concurrent Sessions</p> <p><i>Duration: 30 min presentation 15 min Q&A</i></p> <p>10:40-11:25</p> <p>Concurrent Sessions</p> <p><i>Duration: 30 min presentation 15 min Q&A</i></p>	<p>Select one session to attend live. All sessions will be recorded and made available to delegates after the conference for viewing.</p> <table border="1" data-bbox="354 997 1474 1890"> <thead> <tr> <th data-bbox="354 997 722 1050">Session A:</th> <th data-bbox="722 997 1091 1050">Session B:</th> <th data-bbox="1091 997 1474 1050">Session C:</th> </tr> </thead> <tbody> <tr> <td data-bbox="354 1050 722 1890"> <p>Optimal outcomes after knee and hip arthroplasty: What rehab providers need to know</p> <p>Angela Accettura, MPT, MSc <i>Hamilton Health Sciences</i></p> <p>Patricia Dickson, MSc, BScOT Dr. Beeshma Ravi, MD, PhD, FRCSC Dr. Sebastian Tomescu, MD, FRCSC, MSc Amy Wainwright, MScPT, BKin <i>Sunnybrook Health Sciences Centre</i></p> <p>Hip and knee arthroplasty care has undergone many changes in the past few years. With a vision of clinical excellence</p>							

	<p>provide therapists, nurses and other rehab providers with a review of current best practices before and after hip and knee arthroplasty. You will have an opportunity to dialogue with high volume advanced practice providers, therapists and surgeon-researchers; ask those questions you have always wanted to ask!</p>	<p>safety and quality that includes the structures and processes needed to support organizational learning and continuous improvement following a safety event. It will outline a promising strategy towards enhancing safety culture across a large organization, rooted within clinical microsystems.</p>	<p>and implementation of an interprofessional team education series that level-sets knowledge, skills and abilities to achieve the Institute for Healthcare Improvement (IHI) Quadruple Aim. The purpose of this session is to share the implementation approach and the results focused on re-generating interprofessional team cohesion and driving next steps in the rehabilitation unit redesign.</p>
<p>10:40-11:25</p> <p>Concurrent Sessions</p> <p><i>Duration: 30 min presentation 15 min Q&A</i></p>	<p>Session D: Towards transitional care: Developing a new approach to care for Alternate Level of Care patients in a rehabilitation and complex care hospital in Toronto, Ontario</p> <p>Georgi Georgievski, MSW, RSW Leonardo Alfaro, MScN, RN Meredith McClenaghan, MRSc, OT Reg. (Ont.) Daniela Soares, MScPT <i>Sinai Health System/Bridgepoint Active Healthcare</i></p> <p>This presentation will provide an overview of the Quality Improvement (QI) initiatives undertaken as part of a year-long</p>	<p>Session E: Identifying post extubation dysphagia: Implementation of an evidence-based screening algorithm in critical care</p> <p>Trish Williams, M.SLP, S-LP(C), Reg. CASLPO Shauna Hellen, M.H.Sc, S-LP(C), Reg. CASLPO Jenny Barker, M.H.Sc, S-LP(C), Reg. CASLPO <i>University Health Network</i></p> <p>The presentation will outline how an evidence-based screening algorithm for post-extubation dysphagia was developed in order to facilitate appropriate referrals for assessment, and with future potential to establish best practice</p>	<p>Session F: Impact of a dedicated concussion clinic based on ONF guidelines</p> <p>Dr. Diana Velikonja, C.Psych., MScCP Neuropsychologist, ABI Program Hamilton Health Sciences Associate Professor, Psychiatry and Behavioural Neurosciences, DeGroot School of Medicine, McMaster University</p> <p>The presentation will outline an implementation of concussion clinic founded on the principles outlined in the ONF Guidelines: early assessment and diagnosis, comprehensive and integrated follow-up and care by an interdisciplinary</p>

	<p>optimization program of the Transitional Care Unit at Bridgepoint Active Healthcare. The role and scope of the QI initiatives will be reviewed, as well as the successes, lessons learned, and next steps</p>	<p>guidelines for improved patient outcomes</p>	<p>healthcare team. Given that concussion care and follow up support/services exceeds demand, it is especially important to utilize the existing resources to their maximum effect. The creation (and expected expansion) of a comprehensive, integrated, interdisciplinary concussion clinic ensures that patients receive timely access to evidence based, expert care.</p>
<p>11:25- 11:45</p>	<p>Second break for networking, interacting with sponsors and voting for People’s Choice Awards</p>		
<p>11:45 – 12:45</p> <p>Keynote Panel Discussion</p> <p><i>Duration: 45 min panel presentation 15 min Q&A</i></p>	<p>Bundled care panel: Experiences, lessons learned and planning considerations</p> <p style="text-align: right;">Leslie Gillies, RN, BScN, MEd (Administration) Interim Vice President Community Medicine and Population Health, <i>Hamilton Health Sciences</i> Assistant Clinical Professor, School of Nursing, <i>McMaster University</i></p> <p style="text-align: right;">Paulette Gardiner Millar, PT, BScPT, MSChQ, FCAMPT, CAFCI Senior Director, Operational Communication and Quality Improvement, <i>pt Health</i> President-elect, <i>Ontario Physiotherapy Association</i></p> <p style="text-align: right;">Mirna Rahal, MHP Senior Director, Health System Funding, Analytics and Resourcing, <i>CorHealth</i></p> <p style="text-align: right;">Shelley Huffman PT, BScPT, MSChQ Physiotherapist and Regional Stroke Rehabilitation Coordinator <i>Stroke Network of Southeastern Ontario</i></p>		

	<p>The panel discussion will provide perspectives in orthopaedic bundled care implementation, and future planning considerations for stroke through a quality, best practice and outcome lens. Brief panel presentations will be followed by an interactive plenary discussion.</p>
<p>12:45 – 1:00</p>	<p>People’s Choice Awards, prizes and closing comments</p>
<p>1:00 – 1:30</p>	<p>Networking session for poster presenters and attendees</p> <p>The conference platform will remain open for networking. Please use this time to connect with poster presenters and other attendees.</p>
